martinatodorovat@gmail.com

Martina Todorova graduated in 2020 from Simon Fraser University with a B.A. in Geography and a minor in Sociology. Throughout her B.A., she took urban and human geography courses that taught her about urban planning, policies, and transportation. Currently, as a BCIT GIS student, Martina would like to focus on solving client specific problems. She is also drawn to exploring web-based GIS resources to increase the awareness of GIS capabilities.
